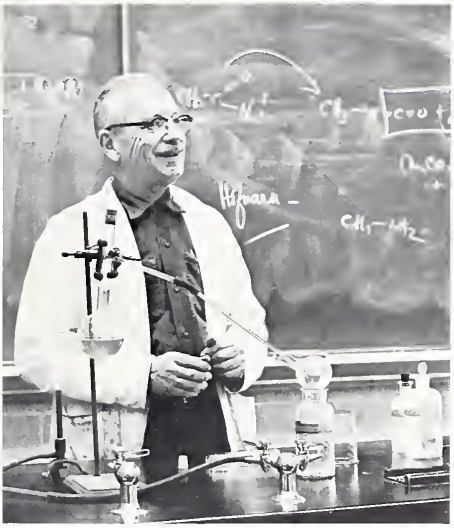
Dedication



We who were acquainted with him will remember him with a certain excitement.

We who studied with him will recall the rigors of scholarship.

We who dedicate this volume to Julian Huntley Capps (Berea, 1925-1958) feel honored in the choice we are privileged to make.

Introduction

This is the CHIMES—1958. Through words and pictures we are telling a story; a story that has been told before and a story that will be told again.

Our story may be different, yet it is the same. Our theme may be found in the college catalog, although stated in different words. It has been published many times in magazines and in the newspapers. But we know it better than any of these writers; we have known it for 120 semester hours (plus four hours of phys. ed.) We have lived it for at least 10 hours labor each week. Without us there would be no theme, no story. We are the students.

Our Story . . .

THIS IS BEREA

FROM DAWN till dark its a busy schedule and the Chimes ring out the hour. Rain and black umbrellas for breakfast. Someone called this the Berea recipe.

AND FURTHER, by these, my son, be admonished: of making many books *there* is no end; and much study is a weariness of the flesh.
ECCLESIASTES 12:12

7:30 CLASS

THIS IS FUN.

THIS IS FUN!

THIS IS FUN?

THIS IS FUN.

. . . AND THEN CHAPEL.

Dr. Alvin M. Weinberg, Director of the Oak Ridge National Laboratory lectures on atomic reactions.

To the Street!

Coffee Drinkers

George and Friends.

Hurry! We're Late Now!

Words of Wisdom in Draper.

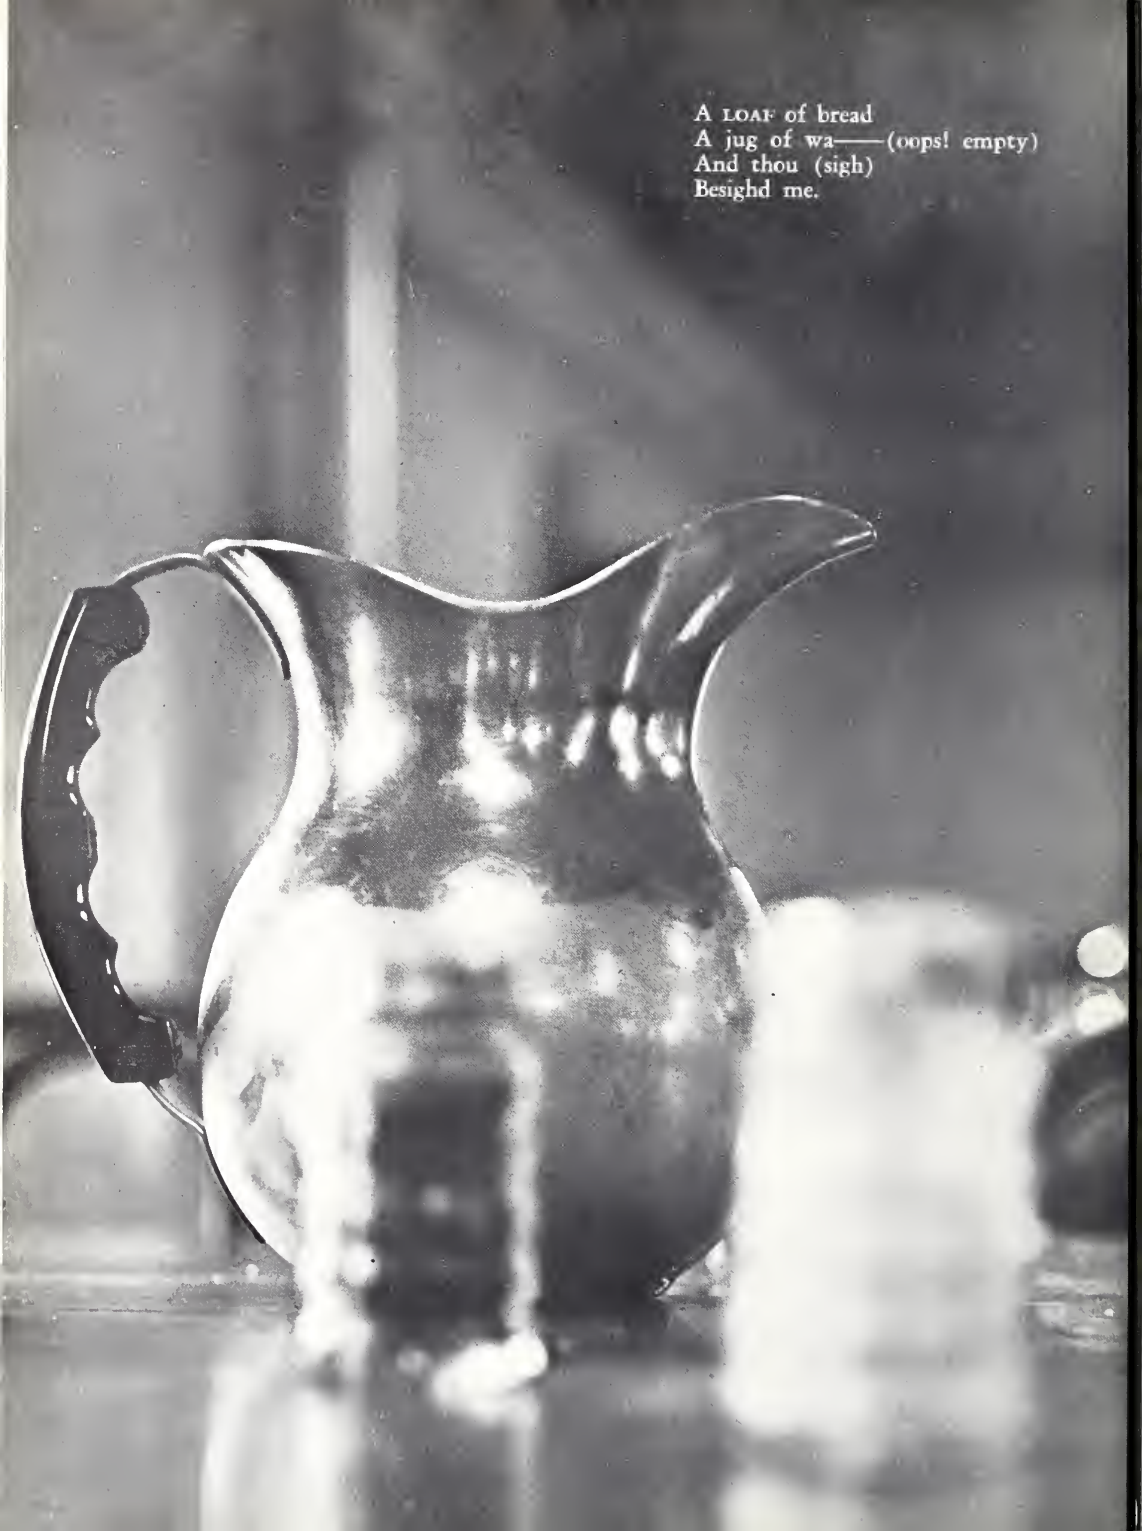
Do you appreciate sound? Aren't you interested in an Odyssafari of your own? How far do the lines of your interests extend? Do you listen, read, and draw your own conclusions?

Calligraphy

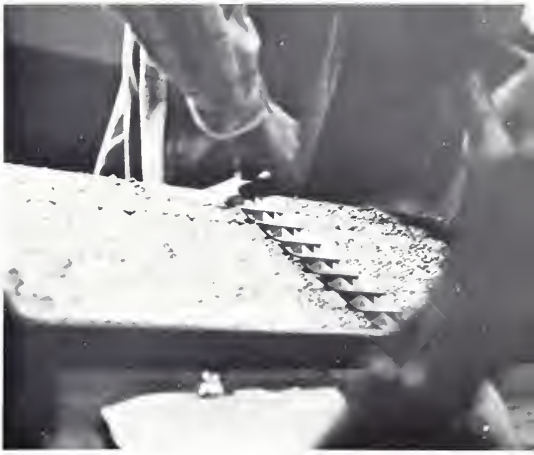
"I've heard so much about . . ."
". . . honored to be invited . . ."
"My first visit to your . . ."
". . . in a challenging world . . ."

"Let's beat the Line!"

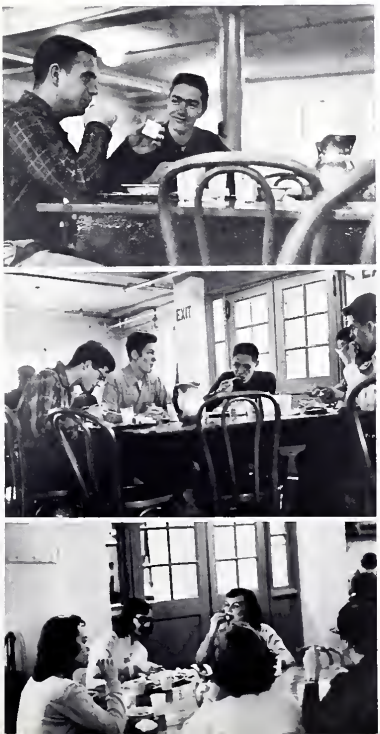
THE LINE
"Students extended into
Boarding Hall. . . ."



A LOAF of bread
A jug of wa——(oops! empty)
And thou (sigh)
Besighd me.



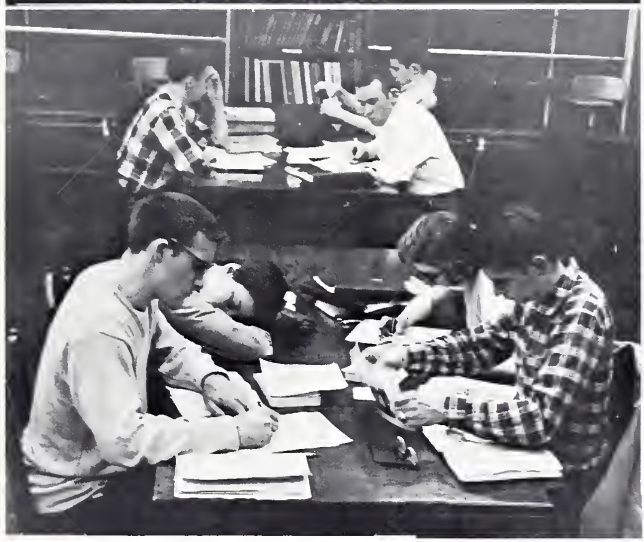
". . . Boarding Hall three times a day . . ."



Berea after dark . . .

"A little work a little play
To keep us going—and so good-day!"

WHENCE is thy learning? Hath thy toil O'er books consum'd the midnight oil?



We burn the midnight oil:
We study after dark.

NOWHER SO BISY a man as he ther nas;
And yet he seemed bisier than he was."

—GEOFFREY CHAUCER

"A LITTLE WARMTH, a little light
Of love's bestowing—and so good night."
good-night . . .

A Tribute to
OUR ALMA MATER

FOR OVER ONE HUNDRED YEARS you have provided a low cost, Christian education for the youth of the Southern Appalachians. You have had good years and bad years but you have continued to expand at all times. Although you are a small liberal arts college which has survived and prospered with the aid of your many friends and Alumni, you have kept your education abreast of the times. Now you rank among the best.

Because the members of the Class of '58 have only been with you for four years, they may have failed to fully appreciate your progress. However, they have noticed the major changes in your physical structure such as the William H. Danforth Industrial Arts Building, the Seabury Dormitory, the plans for the Student Activities Building, the destruction of the obsolete buildings, and the repair of the older one, and the many little changes which were difficult to recognize. Although they have been interested in your physical structure, they were most concerned with the success of your graduates. You have not failed in continually producing some of the best scholars in all your various departments.

Another important realization of the Class of '58 is your growing recognition of the Association of Berea College Students. The official organization of your student body has shown that it wants to help your Administration make you an even better institution for work, study, and play. Your students have shown that they are capable of accepting responsibility in all areas of campus life. May this always be their goal.

Now that our undergraduate studies are over, we are prepared to leave you but we will not forget the opportunities you gave to us. The Class of '58 and the entire Association of Berea College Students sincerely hope that you may always continue to educate the finest students in the world!

The School of Nursing

The three-year diploma course will continue until the present class graduates in the summer of 1958. The collegiate program leading to the B.S. in Nursing degree began with the freshman class entering in September 1956. This curriculum is based on the recommendations of the National League for Nursing and has been initially approved by the Kentucky Board of Nursing Education and Nurse Registration.

In addition to the objectives shared by all Berea College Departments, the Department of Nursing is striving to:

Provide a four-year college education for students entering upon careers in nursing, thus giving them an educational experience comparable to those available in other undergraduate professional programs.

Prepare well-selected students for giving effective nursing care and for filling first-level positions in nursing fields.

Develop a self-directing, service-motivated nurse, conscious of the high calling of her profession and of her responsibilities and rewards in it.

To give experience in public health nursing in rural areas, to acquaint students with the needs and problems of those areas, and to challenge them with the opportunity for service in such areas.

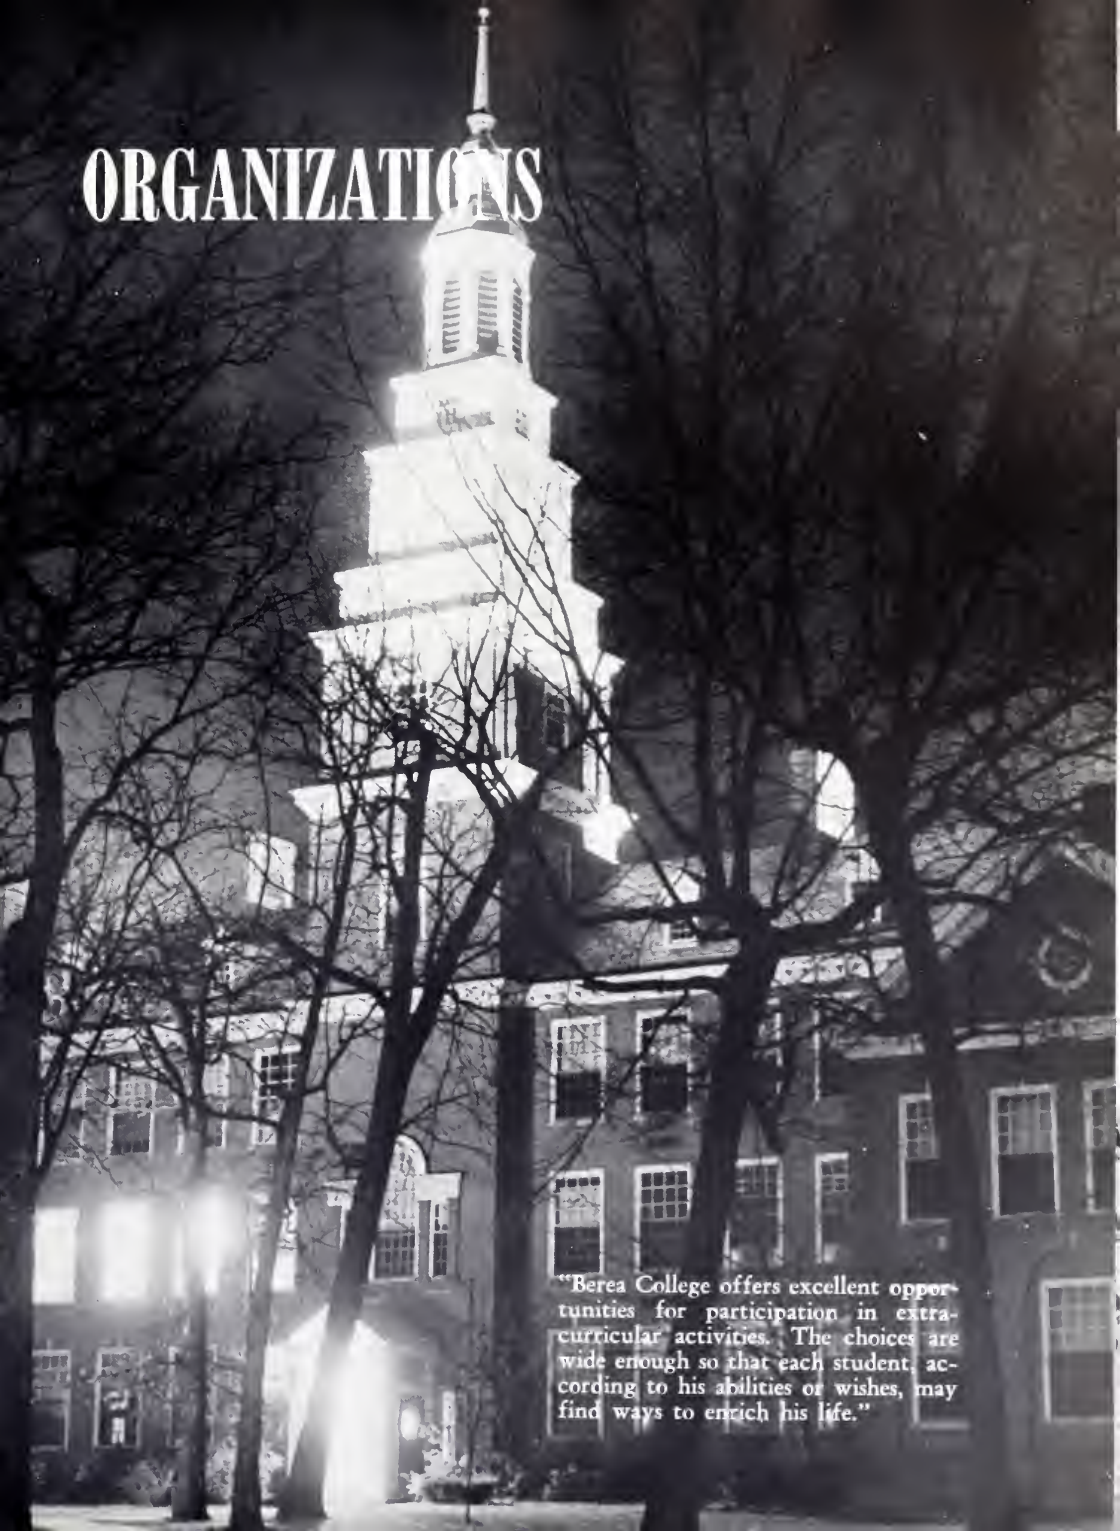
Berea Beloved

R.M.C. — Raymond M. Cable, '29
W.P.J. — Wilfred P. Johnston, '29

Berea, Berea, beloved
Where friendships are formed fast and true,
And all men stand shoulder to shoulder
As brothers beneath White and Blue
Chorus:
Thy mem'ry be enshrined in every heart,
Thy spirit be of us a part;
And though we wander far away,
Thy chimes will ring for us each day.
A flower nurtured by a plain
And watered by the mountain rain,
May you ever flourish there
O Berea, the beautiful, the fair.
When storms raged and danger was threat'ning
And stout-hearted trembled with fear,
The spirit of heroes implanted
Thy roots in the wilderness drear.
Berea, Berea, we love thee
We cherish the old and the new
None ever can sever us from thee
We'll stand by the White and the Blue.

ORGANIZATIONS



"Berea College offers excellent opportunities for participation in extra-curricular activities. The choices are wide enough so that each student, according to his abilities or wishes, may find ways to enrich his life."

THE STUDENT ASSOCIATION EXECUTIVE COUNCIL *Row one*: Basil Borders, Viola Ritchie, Glen Hudson, Allen Sutphin. *Row two*: Dean Julia Allen, Scotty Gragg, Dale Wilds, Charles Bright. Inkie Peak. *Row three*: Dean James Orwig, James Colvard, Tom Loftus, Fred Pardue, Tully Larew, David Hutchinson.

Student Association

The Association of Berea College Students has three governmental branches which are the Executive Council, the Senate, and the Judicial Commission. The Executive Council receives items of business from the Senate, refers business to a committee for research before Senate action, prepares the agenda for the Senate, and administers actions voted by the Senate. It is composed of eleven members of ex officio and four elected members. The Senate has power to act upon any matter pertaining to the general welfare of the student body not delegated to any other authority on the campus, faculty or students.

Men's Council

The purpose of the Men's Association is to enforce existing house regulations, to promote the welfare and further the best living conditions of the men residing in College dormitories, and in general to promote the interest of all College men, both dormitory and town.

Women's Council

Through the Women's Association, the women of Berea College possess the chance to participate advantageously in better community living. Its Council, composed of dormitory presidents, town representatives, committee chairmen, faculty representatives, advisory deans, and elected officers, coordinates the association activities, plans and regulations.

The Home Economics Club, an organization for sophomore, junior and senior home economics students, helps develop leadership and the ability to work with others and provides another means for working toward the goals of homemaking education. The group learns to live better today so that their own lives and those of their families will be better tomorrow.

GROW OLD ALONG WITH ME THE BEST IS YET TO BE

Mr. and Mrs. Charles Ward Seabury wielding the "ceremonial instrument," on April 25, 1957, that turned the first shovelful of ground for the new women's dormitory. The building will be named Louise Lovett Seabury Hall in honor of Mrs. Seabury.

The architecture was designed to blend with the surrounding campus buildings of Colonial and Georgian type, red brick with decorative white trim. The dormitory commands a beautiful view of the foothills of the Cumberland Mountains.

The furnishings will have many built-in features which were designed by and will be produced by Woodcraft, one of the Student Industries.

Leadership Training Conference

"Evolution or Revolution" in student government and campus activities was the subject of the Leadership Training Conference held at Camp Daniel Boone, Kentucky, over the week-end. Sixty-three students and eight faculty members attended the conference sponsored by the Leadership Training Committee of the Student Association. From Friday night until Sunday afternoon the campers braved freezing temperatures, rain and snow to get at the heart of vital campus problems and issues.

Senators, officers of the Student Association, class officers, dormitory presidents, officers of the Men's and Women's Associations, and leaders of campus-wide organizations such as the Berea Players, the P.A.F. and the Y.M-Y.W.C.A. were among those present.

The groups discussed almost every aspect of Berea College student life from social and recreational life, the curriculum, student housing, and the labor system to etiquette, personal guidance and counseling, errors in S.A. management, and the reputation of Berea College as created or affected by publicity.

Despite the cold weather, the campers' enthusiasm was almost unlimited. Questions and problems which constantly concern students on campus were torn apart with a great deal of interest.

The group cooked its own meals and spent part of its time on labor to help pay for the use of the camp. There were frequent periods of organized recreation for volley ball, football, and other sports. On Saturday night there was a big all-camp party in the lodge.

A Vesper worship service was held outside on Saturday evening with a spotlight borrowed from the Tab lighting a white cross on a high rock cliff. Reverend Scotty Cowan addressed the campers at the worship program on Sunday.

The L.T.C.'ers decided to try to bring back to campus some of the ideas, the enthusiasm, and the interest created at the conference. They felt that their time would have been wasted unless they put some of the projects into action immediately.

Teaching Children in Pre-School

We believe learning for the individual child is a gradual process. Education for the child really means a dynamic process. Children never really arrive, children never become, but they are always in the process of becoming.

We believe we need to provide the kind of environment and the kind of influences that encourage all children to become creative, curious, experimental, independent, stable, responsible, and mature human beings.

We believe every child is a potential creator in all aspects of life. A child who is permitted to create can equip himself for discovery, insight, faith and action under new conditions in a changing world.

We believe education is for all children. Education is intercultural and international. Education knows no creed and recognizes no color difference.

We believe democratic academic freedom demands all teachers, all parents, and all people assume their academic responsibility and exercise their democratic freedom intelligently and fearlessly for intelligent and fearless children.

ANGLI WAI

We believe teaching depends upon insight and understanding rather than workbooks and rules. We believe education cuts across all our lives. Education for the whole child is demanded by the findings of science.

We believe the home is the builder of a healthy personality and the child's family is a part of the child.

We believe all children are entitled to be respected as individuals, respected for what they are and for what they may become.

Director of Athletics
O. H. Gunkler, and secretary Miss M. Sloan.

"B" Club

How are you Joel?

Elvin Combs, "the man of the gym."

The purpose of the "B" Club is to uphold the practices of clean sportmanship; create interest and encourage participation in athletics; and practice the highest ideals of competition in athletics at Berea College.

Row one: Bob Compton, Cordell Huff, Sam Hawkins, Buddy Judd, James Powell, Phil McClung, Cecil Hatfield. *Row two*: Bill Wine, Jack Duckworth, Carl Boatwright, Sid Lockhart, Art Smith, Charlie Bright, Robert Atkinson. *Row three*: Coach Doug Massey, Charlie Evans, Gwen Campbell, Jim Payne, Steve Harrill, Ronnie Graves, Keith Parker. *Row four*: Gay Payne, Johnny Franklin, Charlie Hunnicutt, Ernie Smith, James Crase, Dave Singleton. *Fifth row*: Jack Masters, Wesley Holesapple, Hose Flynn, Carl Amburgy, Mutt Varney, Orville Crase, Jim Colvard, Odell Huff.

Intramurals

The Intramural Program is set up to provide an opportunity for recreation and development by athletic activities for those not reached by the varsity teams. The development of sportsmanship and fair play are the biggest aims of the program. The program is broad with a total of ten different sports: football, basketball, volleyball, cross-country, track, tennis, horseshoes, swimming, pingpong, and hand ball.

Mr. O. H. Gunkler, Cecil Hatfield, Intramural manager, and Ed Shull, assistant, deserve much of the credit for the success of this program.

PICTURE CREDITS: The class pictures for the College and the Foundation School senior class pictures were taken by Mrs. Ebba June Mattson, of Mattson Studio, Berea. All the organizations' pictures and many of the activities pictures were taken by our Staff Photographers, Sam Hawkins and William Ross. Mr. Bob Conners, of the Wilderness Road Office, and Miss Olga Lindquist, of the College Public Relations Office, supplied the CHIMES with a number of excellent photographs. Mr. and Mrs. Charles Drake were very helpful and we thank them for the pictures of Pre-School. To Dean Roy N. Walters goes the credit for most of the pictures of the Foundation School Section.

To all the people that supplied us with pictures and copy for this book we are thankful.
